

Handwriting Skills Through Occupational Therapy Approach

THE WORKSHOP

This workshop will provide sound theory with practical and hands-on strategies for parents, teachers, therapists and caregivers to assist children who have difficulties with handwriting skills.

OBJECTIVES

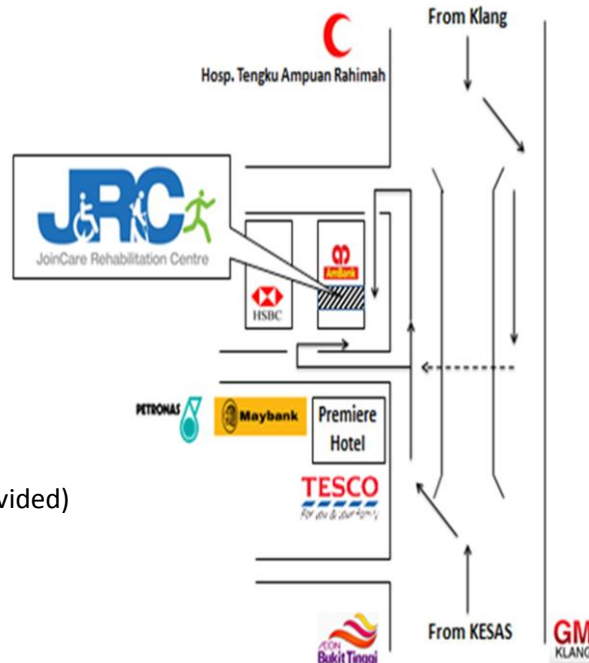

1. Understanding how the sensory, motor and perceptual foundation influence handwriting performance.
2. Learn about the developmental stages of writing readiness and the importance of developing fine motor skills.
3. Learn to incorporate ideas using multi-sensory strategies to develop handwriting skills to suit each individual's needs.
4. Learn to recognize, identify and rectify your child weakness.
5. Learn to be creative, make it fun and stimulating to implement a handwriting home program for your child.

ABOUT THE FACILITATOR

Teo Lee Fun is an Occupational Therapist trained in New Zealand and has been working many years in this field. She is Sensory Integration Praxis Test (SIPT) certified and also certified in Therapeutic Listening Program. She has acquired professional training in areas related to Sensory Integration and Sensory Defensiveness, Floor Time Approach, Neurodevelopment Treatment, Alert Program and M.O.R.E. Approach.

Ms. Teo has a special interest in working with children with learning difficulties and sensory integrative dysfunction. She has conducted numerous seminars, lectures and workshops for parents, teachers and other caregivers involved with children with special needs.
